10141708	EURO-PROFILE
10141709	US-MIL
10141710	NITTO (Asian)

WHAT'S IN THE KIT?

- 1** Two Sagola 3400 COMPACT guns complete with 1.00mm Fluid Nozzle set ups:
One for Basecoat
 - Compact BASE air cap for Water based basecoats
 - Compact HVLP air cap for Solvent based basecoats
One for Clearcoat
 - Compact CLEAR air cap for all clearcoats.
- 2** Spare 1.2mm Needle/Nozzle kit for UHS clearcoats (ultra high solids), 2K topcoats, primers, UV primers or thicker basecoats.
- 3** Compact XTech Air Cap for the finest retouches supplied with unique 0.6mm Needle/Nozzle kit – transforming the spray gun into an airbrush.
- 4** 125ml & 500ml Paint Cups suitable for any size repair.
- 5** Two premium Sagola RC1 Flow Regulators for precise control of air, crucial for applying basecoats, drop coats and blending adjacent panels.
- 6** Two 3M™ PPS Disposable Cup Couplings.
- 7** Two Steel Connectors.
- 8** Spray Gun Tool & Cleaning Brush.
- 9** Colour Coded “O” Rings to personalise the guns for easier identification.
- 10** Spray Gun Lubricant Grease for threads to keep parts in perfect condition, each time, everytime!
- 11** Solid Protective Case laid out to keep everything at hand.
